

# FE130MS

**Serratura magnetica Eco Line 300 Kgf montaggio standard.**

## Description

---

Eco Line magnetic lock 300 kgs, monitored. Surface mounting.

## Application

---

Medium security applications for internal and external doors. To be mounted inside external doors.

## Reliable Security

---

This state of the art electro-magnetic locking device provides positive, instantaneous door control. Filler plates, angle brackets, and other mounting adapters are available to satisfy a wide range of door and frame types and conditions.

## Safe operation

---

Our locking devices are inherently fail-safe, releasing instantly upon command or loss of power. With no moving parts to wear, stick or bind; no mechanical linkages to bend or break; and no bolt travel time or misalignment to raise concern, both unlocking and locking are always accomplished with ease and efficiency. As those electromagnetic locking devices function independently of any mechanical type locks, magnetic locks will not jeopardize the fire door rating of an opening.

## Details

---

- 300 kgf holding power
- Surface mounted
- No residual magnetism
- 12/24 V dc jumper selectable operation
- Monitored changeover

# FE130MS

Serratura magnetica Eco Line 300 Kgf montaggio standard.

## Technical specifications

### Generale

Tipo prodotto	Serrature magnetiche
---------------	----------------------

### Tenuta

Forza di tenuta kgf (Forza al kilogrammo)	300 kgf
Forza di tenuta N (Newton)	3000

### Monitoraggio e stato

Monitorati	Si
Indicatore LED	Si
Interruttore stato porta	No
Passaggio monitorato	Si
Sensore magnetico	Si

### Elettrico

Valore di alimentazione	12 / 24 VDC
Consumo attuale	440 mA (+/- 2,5% @ 13,5 V)

### Fisico

Dimensioni fisiche	250 x 47 x 26 mm (W x H x D)
Colore	Alluminio
Finito	Alluminio sabbiato
